## Personal Summary

I am a creative, friendly, hardworking, punctual young adult. I've had many volunteer and paid positions in all aspects of the film industry, such as acting, directing, editing, and production assistance. I was also the youngest person to ever be nominated for the ACE Eddie Awards. I have also enjoyed being a camp counselor for a 4-H camp and acting camp. I believe the skills gained through these experiences would transfer well in a workplace environment. I am looking forward to learning new skills, gaining knowledge, and forming interpersonal relationships with this new job opportunity.
